Mahatma Gandhi Mission's
COLLEGE OF ENGINEERING
Department of Computer Science & Engineering

STUDENT FEEDBACK OF INTERNSHIP
(*TO BE FILLED BY STUDENTS AFTER INTERNSHIP COMPLETION*)

Student Name: Mudassir Mansur Chaus   Date: 7/11/20225

Industrial Supervisor: Mr. Sunil Deokule

Title : RPA developer

Supervisor E-mail: sunil.fourise@gmail.comss

Internship Is : Paid

Company/Organization : Fourise Software Solutions

Internship Address : Flat No 407 Wing H Dream Sankalp, Gat No 862 Behin Tal Haveli, Vagholi, Pune, Haveli, Maharashtra, India, 412207.

Faculty/Coordinator: **Dr. Shital Y. Gaikwad**

Department : **BTTECH CSE A**

Dates Of Internship : **12 March 2025** To **September 2025**

Give a brief description of your internship work (title and tasks for which you were responsible):

I worked as a Robotic Process Automation (RPA) Intern. My responsibilities included automating business processes using UiPath Studio. I was involved in developing workflows using the RE Framework, extracting data from web portals, generating SHA-1 hash codes, and producing Excel reports. I also worked on error handling, secure credential management, and integrating the automation with UiPath Orchestrator for queue management and logging.

Was your internship experience related to your major area of study?   Yes, to a slight degree

 Indicate the degree to which you agree or disagree with the following statements.

This experience has:	Strongly Agree	Agree	No Opinion	Disagree	Strongly Disagree
Given me the opportunity to explore a career field		✓			
Allowed me to apply classroom theory to practice				✓	
Helped me develop my decision-making and problem-solving skills	✓				
Expanded my knowledge about the work world prior to permanent	✓				

employment					
Helped me develop my written and oral communication skills	✓				
Provided a chance to use leadership skills(influence others , develop ideas with others, stimulate decision-making and action)	✓				
Expanded my sensitivity to the ethical implications of the work involved	✓				
Made it possible for me to be more confident in new situations	✓				
Given me a chance to improve my inter personal skills	✓				
Helped me learn to handle responsibility and use my time wisely	✓				
Helped me discover new aspects of myself that I didn't know existed before	✓				
Helped me develop new interests and abilities	✓				
Helped me clarify my career goals	✓				
Provided me with contacts which may lead to future employment		✓			
Allowed me to acquire information and/or use equipment not available at my Institute	✓				

In the Institute internship program, faculty members are expected to be mentors for students. Do you feel that your faculty coordinator served such a function? Why or why not?

Ans - **Yes, my faculty coordinator served as a mentor by providing constant guidance, timely feedback, and support throughout the internship, helping me stay focused and aligned with my academic goals.**

How well were you able to accomplish the initial goals, tasks and new skills that we reset down in your learning contract? In what ways were you able to take a new direction or expand beyond your contract? Why were some goals not accomplished adequately?

Ans - **I was able to accomplish most of the initial goals and tasks set in my learning contract, including mastering UiPath, RE Framework, and Excel automation. I also went beyond the contract by exploring queue handling, email automation, and error logging. Some minor goals were delayed due to initial learning curve challenges, but overall, the internship allowed me to grow technically and professionally.**

In what areas did you most develop and improve?

Ans- **I developed and improved the most in** Robotic Process Automation using UiPath**, especially in building workflows using the** RE Framework**, handling** real-time data**, managing** exceptions**, and generating** automated reports**. I also improved my** problem-solving**,** team collaboration**, and** professional communication **skills.**

What has been the most significant accomplishment or satisfying moment of your internship?

Ans- **The most satisfying moment was successfully completing and running the end-to-end automation workflow, which included data extraction, processing, and Excel reporting using UiPath. It proved my learning and boosted my confidence.**

What did you dislike about the internship?

Ans- **The only thing I disliked was the initial difficulty in understanding complex workflows, which took some time to overcome. However, it eventually became a valuable learning experience**

Considering your overall experience, how would you rate this internship? (Circle one).
(Satisfactory/ Good/ Excellent)

Give suggestions as to how your internship experience could have been improved.(Could you have handled added responsibility? Would you have liked more discussions with your professor concerning your internship? Was closer super vision needed? Was more of an orientation required?)

Ans- **The internship experience was overall positive, but it could be improved with a more detailed orientation at the beginning and regular review sessions with my faculty guide. I would have welcomed more discussions and feedback, and I believe I could have handled additional responsibilities with closer supervision in the early phase.**
